

## Samlet status

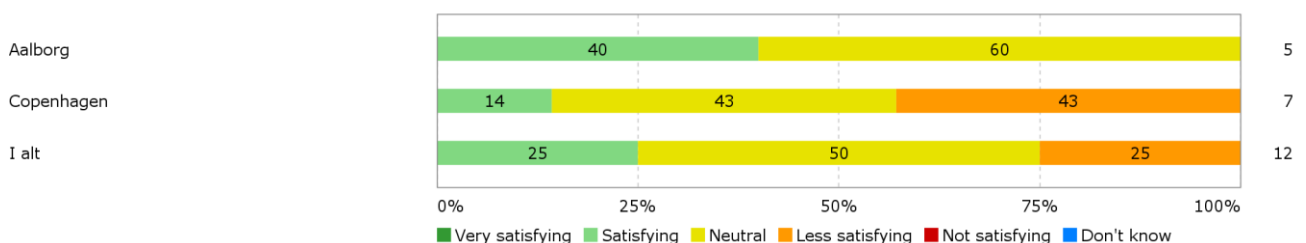

## Where do your study?

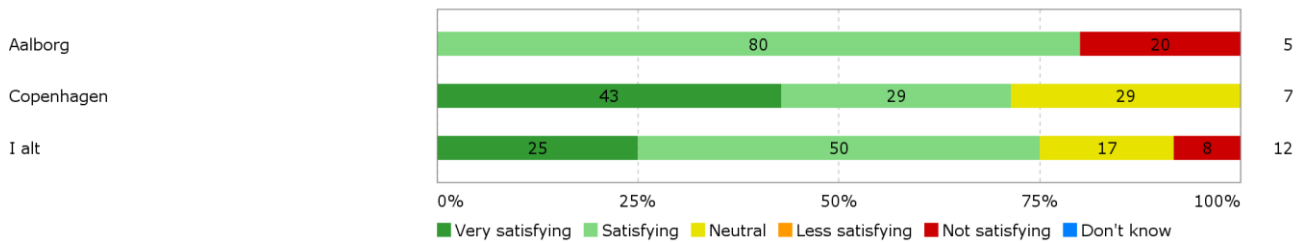

## How would you rate your learning outcome of the course module "Spatial Planning and Governance"?

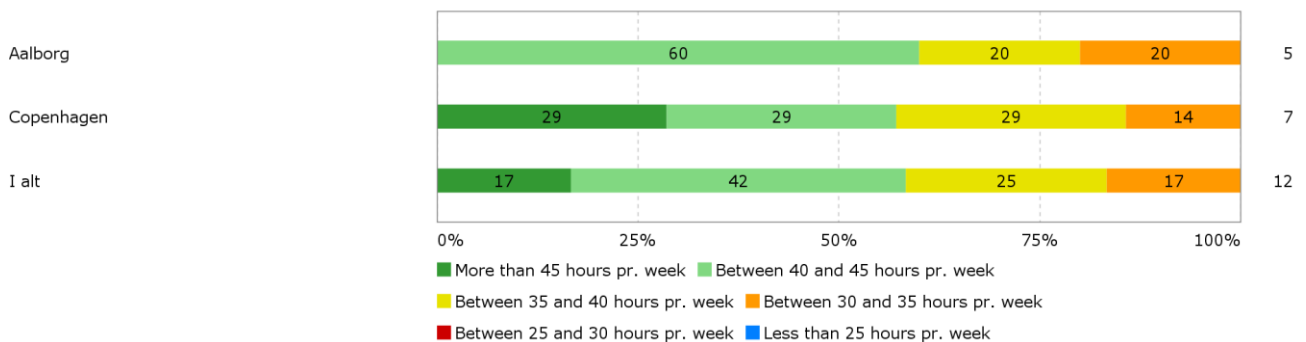

## How was the learning outcome of the course module "Land Use Regulations and Land Economics"?

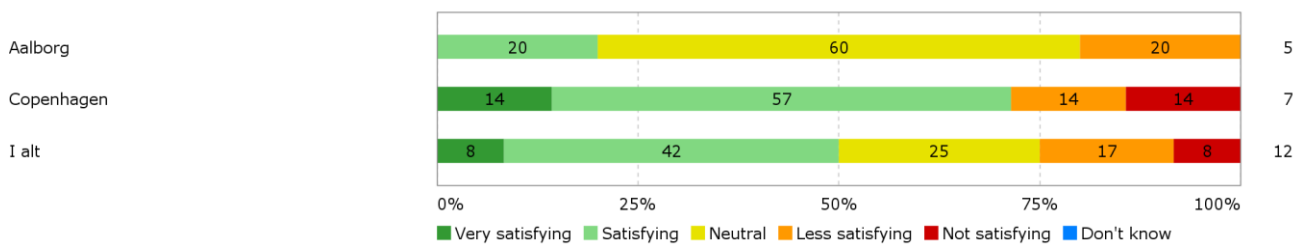

## How was the learning outcome of the project module "Spatial Development and Planning"?

## During the semester: how many hours per week did you spend on preparation for and participation in the teaching, project writing, etc.?

## What do you think of the physical and aesthetic conditions that formed the frame for the semester (lecture rooms, indoor climate, equipment, workshops, rooms for breaks, etc.?)

## How was the psychological study environment – and how have you been doing – during the study?
